INDEPENDENT CERTIFIED PUBLIC ACCOUNTANT'S REPORT

To the Board of Directors  
Green River Medical Center

I have audited the accompanying statement of financial position of Green River Medical Center (a non-profit organization) as of May 31, 2007 and the related statements of activities, functional expenses, and cash flows for the year then ended. These financial statements are the responsibility of the Organization's management. My responsibility is to express an opinion on these financial statements based on my audit.

I conducted my audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States. Those standards require that I plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. I believe that my audit provides a reasonable basis for my opinion.

In my opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Green River Medical Center as of May 31, 2007 and the changes in its net assets and its cash flows for the year then ended in conformity with accounting principles generally accepted in the United States of America.

In accordance with *Government Auditing Standards*, I have also issued my report dated September 20, 2007, on my consideration of Green River Medical Center's internal control over financial and on my tests of its compliance with certain provision of laws, regulations, contracts, and grants. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be read in conjunction with this report in considering the results of my audit.

GREEN RIVER MEDICAL CENTER

Notes To Financial Statements

For The Year Ended May 31, 2007

(1) Organization and Significant Accounting Policies

- a. The organization was organized as a Utah nonprofit corporation within the meaning of the Utah Nonprofit Corporation and Cooperative Association Act on April 15, 1959.  
  
The corporation is organized and operated exclusively for the promotion of medical welfare on an outpatient medical care at a reasonable cost and on a non-profit basis to persons residing in Emery and Grand counties.
- b. The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.
- c. Donations of property and equipment are recorded as support at their estimated fair value. Such donations are reported as unrestricted support unless the donor has restricted the donated asset to a specific purpose. Assets donated with explicit restrictions regarding property and equipment are reported as restricted support. Absent donor stipulations regarding how long those donated assets must be maintained, the Organization reports expirations of donor restrictions when the donated or acquired assets are placed in service as instructed by the donor. The Organization reclassifies temporarily restricted net assets to unrestricted net assets at that time. Property and equipment are depreciated using the straight-line method.
- d. The Organization maintains all of its cash balances in two institutions in two separate accounts. These balances are insured by the Federal Deposit Insurance Corporation up to \$100,000.
- e. The Organization reports information regarding its financial position and activities according to three classes of net assets: unrestricted net assets, temporarily restricted net assets, and permanently restricted net assets. In addition the Organization presents a statement of cash flows.
- f. Inventories are valued at the lower of cost (first-in, first-out basis) or market.
- g. Bad debts are recorded using the direct write-off method.
- h. Green River Medical Center records the value of donated goods or services when there is an objective basis available to measure their value. Donated space is reflected as contributions in the accompanying statements at its estimated value at the date of receipt. No amounts have been reflected in the statements for donated services, as no objective basis is available to measure the value of such services.

GREEN RIVER MEDICAL CENTER

Notes To Financial Statements - Continued

(1) Organization and Significant Accounting Policies - continued

- i. Revenue from patients is accounted for under a fee system established using guidelines and procedures developed by the U.S. Department of Health and Human Services. When Medicaid or an industrial insurance reimburses less than the full charge, the patient is informed of the Sliding Fee Scale, and the balance adjusted accordingly. Amounts in excess remain as full charges to another third party or to the private individual.
- j. Green River Medical Center qualifies as an exempt organization under Section 501(a) and 501(c) (3) of the Internal Revenue Code and therefore has no provision for income taxes.
- k. Investments in marketable securities with readily determinable fair values and all investments in debt securities are valued at their fair values in the statement of financial position. Unrealized gains and loss are included in the change in net assets.

(2) Government Grants

On June 1, 2002, Green River Medical Center was awarded a nine year grant from the Department of Health and Human Services for federal funds. During the contract period from June 1, 2006 through May 31, 2007, \$288,173 was awarded, received and expended.

On November 22, 2006, Green River Medical Center was awarded a grant from the Utah Department of Health for federal funds for the purchase of an emergency generator. During the year ended May 31, 2007, \$25,552 was received and expended.

(3) Donated Materials and Services

Green River Medical Center entered into a lease agreement for space with the City of Green River for the clinic on September 25, 1997 to begin on the date the premises are occupied and continue for a term of ten years. Renewals are for additional ten year periods unless terminated by the City or Tenant upon sixty days written notice. The value of this lease has been included in the financial statements as follows:

Revenue:	
Public Support - Contributions	<u>\$19,000</u>
Expenses:	
Facility - rent	<u>\$19,000</u>

The Organization made a prepayment to the City of \$50,000 for construction of the new Clinic. This amount is being amortized over the initial lease term of ten years with \$5,000 being expensed during the period ended May 31, 2007.

Emery County and City of Green River made cash contributions of \$24,000 and \$1,000, respectively. Other individuals made donations of cash and in kind for supplies and equipment.

GREEN RIVER MEDICAL CENTER

Notes To Financial Statements - Continued

(4) Contracted Services

On February 4, 2005, Green River Medical Center entered into a medical provider contract with Kim T. McFarlane to provide the Center's patients with the services of a physician assistant (PA) for a period running from February 1, 2005 to January 31, 2007. On February 6, 2007 the contract was renewed for an additional two year period with a salary review on or before August 16, 2007 and annually at the beginning of the fiscal year. The Center is to pay Kim \$75,000 in salary until June 1, 2006 when the salary was increased to \$77,625 and \$50 per hour for callback time until June 1, 2006 when the callback time was increased to \$52 per hour. During fiscal year ended May 31, 2007, \$76,729 was paid for PA services.

During 2005 the Center contracted with Dr. Allen, \$600 for each one-half day per week that she is at the Center to provide services to Center patients. The physician is to submit forms necessary to obtain approval from the Utah Division of Professional Licensing for the use of a physician assistant, provide verification regarding supervision of the physician assistant, and to provide the Center one-half day as arranged in conference between physician and Center. During the year ended May 31, 2007 Dr. Allen was paid \$14,400.

The Center pays Brian Goodwine, D.D.S. \$650 for each day that he is at the Center to provide services to Center patients. Additionally, the Center pays for emergency services at the rate of \$50 an hour for hours worked over the regular eight hour day. During the year ended May 31, 2007 Dr. Goodwine was paid \$3,900.

The Center pays G. O. Miller, D.D.S. \$650 for each day that he is at the Center to provide services to Center patients. Additionally, the Center pays for emergency services at the rate of \$50 an hour for hours worked over the regular eight hour day. During the year ended May 31, 2007 Dr. Miller was paid \$18,850.

The Center has contracted with Four Corners Community Behavioral Health, Inc. (FCBH) to provide mental health services to Center patients by a licensed clinical social worker. During the year ended May 31, 2007, FCBH was paid \$28,886.

The Center has sub-contracted with Carbon Medical Service Association and Utah Navajo Health Systems to provide mental health services to their respective service areas in connection with a portion of the federal grant that was awarded to the Center. During the year ended May 31, 2007, Carbon Medical Service Association and Utah Navajo Health Systems were each paid \$32,153 respectively.

(5) Furniture and Equipment

Furniture and Equipment consist of the following:

Furniture and equipment	\$378,703
Less accumulated depreciation	(215,294)
	<u>\$163,409</u>

GREEN RIVER MEDICAL CENTER

Notes To Financial Statements - Continued

(6) Pension Plan

The Clinic sponsors a defined contribution pension plan that covers all full time employees. Contributions to the plan are based on three and one half percent of gross wages. For the year ended May 31, 2007, the amount of the pension expense was \$6,138.

(7) Restrictions on Assets

Permanently restricted net assets consist of fixed assets acquired with a grant of assets from the State of Utah, Department of Health, Bureau of Emergency Services, for the purpose of biohazard containment and control. If the Center closes then these assets will revert to the State of Utah for placement in another facility for the purposes provided.

(8) Contingencies

- a. The company receives grants, which are subject to review and audit by government agencies. Such audits could result in a request for reimbursement by the agency for expenditures disallowed under the terms and conditions of the appropriate agency. In the opinion of management, such disallowances, if any will not be significant.
- b. The Company has no other known contingent liabilities, litigation or claims as of the date of this report.

REPORT ON COMPLIANCE AND ON INTERNAL CONTROL OVER FINANCIAL  
REPORTING BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED  
IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

To the Board of Directors  
Green River Medical Center

I have audited the financial statements of Green River Medical Center (a non-profit organization) as of and for the year ended May 31, 2007, and have issued my report thereon dated September 20, 2007. I conducted my audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

Compliance

As part of obtaining reasonable assurance about whether Green River Medical Center's financial statements are free of material misstatement, I performed tests of its compliance with certain provisions of laws, regulations, contracts and grants, noncompliance with which could have a direct and material effect on the determination of financial statements amounts. However, providing an opinion on compliance with those provisions was not an objective of my audit and, accordingly, I do not express such an opinion. The results of my tests disclosed no instances of noncompliance that are required to be reported under *Government Auditing Standards*.

Internal Control Over Financial Reporting

In planning and performing my audit, I considered Green River Medical Center's internal control over financial reporting in order to determine my auditing procedures for the purpose of expressing my opinion on the financial statements and not to provide assurance on the internal control over financial reporting. My consideration of the internal control over financial reporting would not necessarily disclose all matters in the internal control over financial reporting that might be material weaknesses. A material weakness is a condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that misstatements in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. I noted no matters involving the internal control over financial reporting and its operation that I consider to be material weaknesses.
